5 Reports from County and District Councillors

Report from District Councillor

Cllr Colston reported that the idea of changing the status of the AONB to a National Park was being progressed. He believed that there would be a consultation, maybe in the next six months. He believed that WODC are not in favour of the idea. Most National Parks are their own Planning Authority, so local councils would lose control of planning, a cause of concern to them.

Cllr Colston advised the meeting that the large application for a classic car museum and other buildings in Enstone, 18/03319/OUT has been resubmitted to the planning authority. Residents have concerns regarding the heavy increase in traffic that this would cause.

No report had been received from the County Councillor.

Cllr Harvey entered the meeting.
